We are making a difference!

When it was brought to the attention of the Alumni & Friends Association that a group of caring and dedicated English teachers were spending their Saturdays and after-school time working with students who needed extensive assistance, we thought . . . "what a perfect opportunity for us to get involved!" Not only were these teachers donating their time without financial compensation, but they were in need of materials that the school was unable to purchase on its limited budget.

This Association is proud to lend our support to these students who will directly benefit from our contributions, and would like to share with you a letter we received from Principal Jane Teague:

"The Alumni Association has made funding available for 9th Grade English students who have not passed the competency requirement. Vickie Edwards, Linda Kidd and David Fulton have been given the okay to purchase supplies to conduct staff development and to identify resources which will enable these students to be more successful academically. Mrs. Teague genuinely appreciates the caring that this funding demonstrates because

IT WILL
MAKE A
DIFFERENCE."

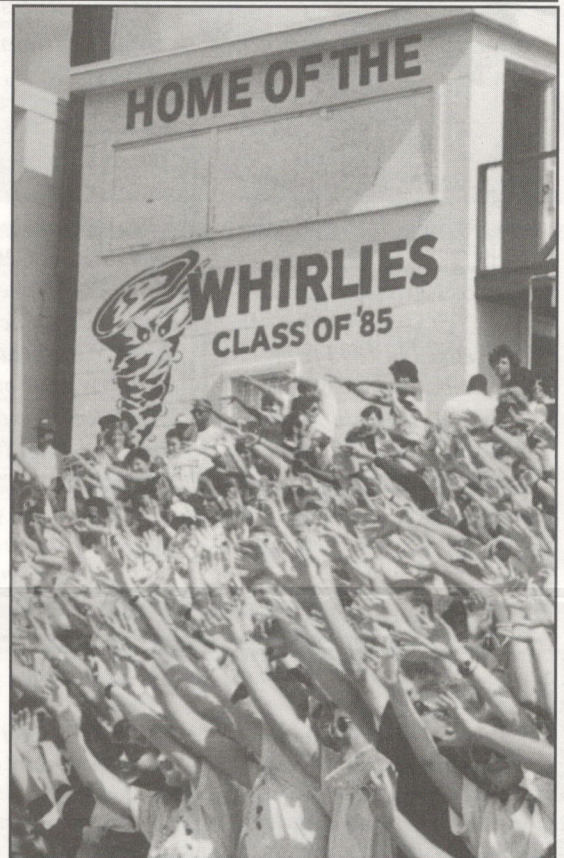

We've Only Just Begun

The first year of membership in the Greensboro Grimsley Senior High School Alumni & Friends Association has come to an end. And we could not have made such great accomplishments to date without the growing enthusiasm of this group. As of October 1997, we have raised an amazing \$56,704 with a strong membership of more than 700 alumni and friends.

You all have been so generous, and we need your continued support of this worthwhile cause! So, with the onset of our second year upon us, the Association is issuing a challenge to each of you who has been receiving this newsletter. First, if you did not join the Association last year, please do so now. Second, if you did give last year, please consider all of the wonderful things your donation did for GHS and renew your membership for another year. We need your support, and an annual membership is only \$25. If every GHS alumni joined, *just joined*, we could raise \$525,000 in membership fees alone! Think of the heights we could reach with that support.

Many of you probably give to other charities or your college or university every year. We are not asking you to abandon those causes. But we are asking that you consider what a portion of those gifts could do for Greensboro Grimsley Senior High School. A \$25 gift to a large college or university may be a drop in the bucket for their million-dollar annual campaigns (UNC-Chapel Hill raised \$107 million last year). But that same \$25 represents a lot more to our fledgling campaign, and can have a much more profound impact on the students, faculty and future of GHS.

One alumnus wrote to tell us that because of living on a fixed income, they had already made their commitment to Wake Forest for the year and were unable to alter that. But this alumnus paid a membership fee and said

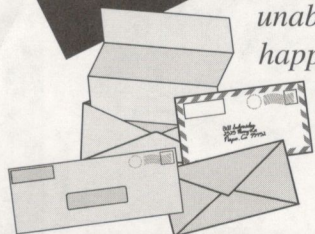

they will remember GHS next year when making their pledges. We appreciate that kind of consideration so much, and encourage more of you to do the same.

The Association is also continuing to seek support throughout the city of Greensboro from Corporate sponsors. But until we show the community that we have strong numbers from our own alumni, we will be unable to grow and do the things that GHS deserves from us!

We need your help to grow. And we are not just seeking financial support. We need volunteers! Since the Spring of 1996, we have operated with only a small number of volunteers to perpetuate this effort. We do this out of a genuine affection and appreciation for GHS, but we can only do so much! We are all busy with other things, and only have a limited amount of time to spare. Please join our efforts so we can continue to give Greensboro Grimsley the support it deserves, and more!

I have a particular memory to share...I've thought of it much in recent years, particularly since the advent of the Holocaust Museum in Washington, but also when I visited the Holocaust Museum in Enschede, Holland, accompanying my surviving Dutch Jewish cousins. My memory is of graduating 7th in the class of 1933 (of 307 class members) and receiving the Short Story Prize that year from the O'Henry Study Club. The title of my story was "Ye Have Done it Unto Me," a Biblical quotation meant to illuminate the beginnings of the Holocaust in Germany (though the word came later). The fate of the Jews in Germany and later on much of Europe was deeply meaningful to me, at age 16 in those fateful years. My mother had visited her German relatives in Frankfurt before World War I and a cousin wanted to marry her. One of our Dutch cousins had visited us in Greensboro. I felt close to these people and needed to write about them. The wonder to me is that the ladies from the O'Henry Study Club were moved by the story to give me the prize! I have told this story many times to people who say that Americans of that time did not know what was happening in Hitler Germany.

Presently, I work as a volunteer in "Hillaryland," the First Lady's office, every Monday. I enjoy it and have had a lot of fun knowing the staff, as well as Hillary, whom I regard as the First Lady for all time!

My husband, Howard Fineshriber will be 90 in January!

ROBERT (BOB) M. STANLEY
CLASS OF 1959

In May '96 I had to have a tumor removed that was on the vagus nerve, very near my brain stem. Except for its being benign, everything else that could go wrong, did. In fact, on five different occasions, my twin sister, Sue, was told that I would not live. By the grace of God, I did, but had to learn how to speak and swallow again. This, coupled with complications from a back injury I sustained in 1989, forced me to retire from 30 years of post-graduate mental health practice. For the past 24 years, I was a therapist and court-appointed examiner in an adult outpatient unit in Greenwood, S.C. I continue to improve slowly.

My twin sister, Sue Stanley Carlan, died on January 17, 1997 in Florence, S.C. of renal failure secondary to diabetes mellitus, which she had for over 25 years. For the last 15 years of her life, she lived in Surfside Beach, S.C. and for the last six was an instructor in Biology at Horry-Georgetown Technical College. She primarily taught anatomy and physiology to nursing students. Unfortunately, for four of those years she spent most of her time either in a wheelchair or a bed because she had lost her right leg below the knee due to the diabetes. Though she was a brittle diabetic, with many complications, the quality of her life was good because she was involved in work and a church which she loved dearly.

I would like so very much to hear from high school friends. My address is 1229 Woodlawn Road, Greenwood, S.C. 29646 and my phone # is (864) 229-6823.

DOUG FRYE
CLASS OF 1974

I was delighted to see the creation of the "Larry W. Saunders" award. I remember my second day in Mr. Saunders' Math Class -- he asked me one of his challenging math questions and ended it with the dreaded "PASS or FAIL?" I responded to Mr. Saunders that I had opted to "pass" on the question. When order had been restored to the class, Mr. Saunders calmly explained that I had failed the question. Though I don't remember my grade, thanks to Mr. Saunders' patience and teaching skill I did eventually pass his class and learned a lot from him during the year.

Mr. Charlie Phillips was living in the Methodist Home in Charlotte when my mother was there. I was able to tell him how much I appreciated being able to go to GHS when he was there. He told us on our 1st day that he wouldn't get to know all of us because of the size of the school. I'm glad he got to know me.

(WIFE OF MR. AMOS SHELTON '35)

Coach Bob Jamieson was the coach when my husband, Amos, attended Greensboro Senior High. He played all sports and Coach Jamieson was mentioned often in our married life. Our son was named for Coach Bob. Amos Shelton passed away at 81 on May 26, 1997. We lived in Monroe, LA most of our married life. Amos served as a Captain in World War II. He was a pilot in the Air Force. Thank you for keeping us in touch with Greensboro and his 1935 contemporaries Fred Koury and Charlie Leonard.

From the desk of the President . . .

Let me first thank all of you for your support, your financial gifts, and the many kind letters and words of encouragement you have taken the time to send to us. Though our vision of what this organization should and can be is still years of hard work away, our progress so far has been remarkable.

I would also like to thank you for your patience and understanding during our "learning curve" and ask for your continued patience as this process continues. Our working board is still just a very small number of volunteers with full time jobs, families and busy lives. We have made, and will probably continue to make, a few mistakes. And our responses, receipts and thank-yous have been far from swift. It has simply been an enormously time consuming task maintaining the accuracy of our computer database, recording your gifts and membership records, budgeting our funds and producing the first three newsletters. We are also striving to build our membership with phone campaigns and so much more!

We still have a long way to go, and need much more help, but it is my promise that we will eventually have the resources, time and staff necessary to respond quickly and appropriately to all of you. For now, please accept

our sincere apologies and know that all of us, especially the students and staff of Grimsley High School, deeply appreciate your support.

I know we can build a strong and ongoing program of Alumni and Friends support for GHS --- I keep thinking of the incredible success of the Alumni Association for the University of North Carolina at Chapel Hill in raising over \$107 Million just this past year. I am sure that many of you, like the rest of us, contributed to an effort similar to that at a college or university. And I know that \$107 Million will help the growth of such an already outstanding educational institution. But I cannot help but wonder and dream of the incredible impact just a small fraction of those funds would have on the lives of the students in just one North Carolina high school. Just imagine . . .

Once again, thank you for your help. Our goals are both necessary and noble, and together we can and will make a difference.

Sincerely,

Dr. Rick Andringa
Alumni & Friends
Association President

Congratulations Coach Sawyer!

Earlier this year Coach Bob Sawyer (GHS '55) was inducted into the North Carolina High School Athletic Association's Hall of Fame, joining a select group of only about 40 coaches (including GHS's Coach Bob Jamieson, who was inducted into the Hall's first class in 1987). Coach Sawyer was honored both as a champion backstroker—he swam on three state-championship teams at Greensboro Senior High for Coach Pat Earey in the 1950's—as well as for his many years of coaching both men's and women's swimming and men's track at his alma mater. He coached fifteen consecutive men's swim teams to state championships (1965-1979)—more state crowns in one sport than any other high school coach in North Carolina history—as well as two women's teams that won the state title, in 1978 and 1979. Today Coach Sawyer is in his thirty-seventh year on the Grimsley faculty—its most senior member—and continues in the position of Athletic Director, which he has held since 1975.

GHS Continues Tradition of Excellence both in the Classroom and on the Field

The Academic and Athletic achievements of Grimsley's students continue to astound us as their level of success rises to meet the challenges set before them each year. The 1996-97 School year was yet another for the record books.

The 1997 Graduating Class won an amazing \$4.2 Million in scholarships, most of which were academic. In a class of 236 students, 76% were to attend 4-year colleges, while 21% enrolled in 2-year schools. Their mean SAT score was 1070.

On a scale of 1-5 (5 being the best), Advanced Placement test results scored 21% of students with 5s, 27% with a score of 4 or better and 71% of students taking the AP exams scored a 3 or better. The real success lies in the fact that most colleges will give a semester of college credit for scores of 3 or better in that subject.

GHS Athletics also continued its tradition of excellence in the 1996-97 School year. Women's Tennis, Men's Tennis and Women's Soccer all were conference champions, and despite a 6th place regular season finish, the Baseball Team won its conference tournament.

An astonishing 69 students earned All-Conference honors, with special recognition going to Brent Phipps as Men's Soccer "Goalie of the Year," Dion Hicks "Wrestler of the Year" and State Champion, Abby

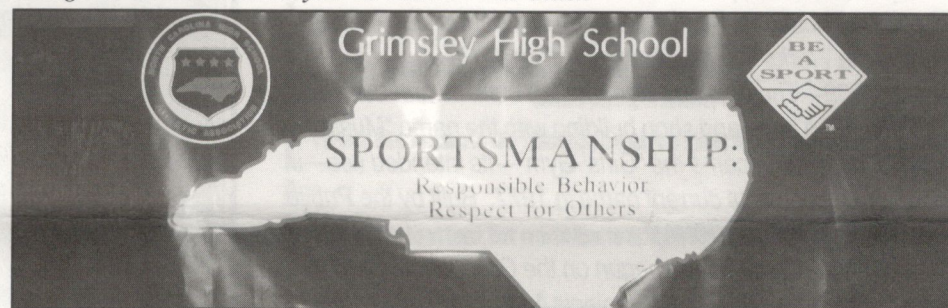

Stallworth was conference "Swimmer of the Year" and Sarah Atkinson was Women's Soccer "Player of the Year," 1st-team All-State and All-South. Coaches Randy Alexander and Suzanne Bandy were honored as Conference "Coach of the Year" in Men's and Women's Tennis, respectively.

Grimsley finished in 2nd place in the Conference "Best All-Around" Sports program for 1996-97. In the 21-year history of this program, GHS has placed 1st fourteen times, 2nd place six times and 3rd place once. Grimsley has won the State 4-A Wachovia Cup "Best All-Around" sports program five times, and the Whirlies have won a total of 95 State Titles, which is the greatest number of championships won by any high school.

Quite an honor to be recognized, the '96-'97 high school athletes were also judged throughout the entire school year on their

sportsmanship toward their fellow competitors. GHS never had a student suspended from an athletic contest, and in fact was given the award for the most outstanding sportsmanship among North Carolina 4-A schools --- an honor we should all be proud of.

In addition to the success of the students on the playing field, these athletes should also be recognized for their outstanding scholarship. The '96-'97 Men's swimming team won State honors for the highest Fall Semester grade-point average with a 3.727. Other teams earning State recognition for scholarship during the Fall Semester were Women's swimming, 3.5, Women's cross country, 3.7, Women's tennis, 3.5, Men's soccer, 3.2, Men's cross country, 3.5 and Cheerleading, 3.2. A total of 107 students during the Fall Semester earned a 3.5 GPA or better.

The Larry Saunders Scholarship Fund

The Grimsley Alumni Association is pleased to announce the creation of the Larry Saunders Scholarship Fund and the beginning of a \$40,000 fundraising drive to support this scholarship. Named in honor of one of the great teachers in school history, Larry Saunders taught math at GHS for 28 years until his recent retirement in 1996. His legendary teaching career touched thousands of students.

To get this fund raising drive started, members of the Grimsley class of '82 have issued a fundraising challenge. "For every three dollars given by every other class, the class of '82 will match with a dollar, up to the \$40,000 goal," said Grimsley Alumni Association member Max Lloyd. "It is a privilege to honor Mr. Saunders. His humor, toughness, interest in his students accomplishments and expectations of success were building blocks of hundreds of successful careers."

Sunita Chandra Patterson, a 1982 graduate, said, "Mr. Saunders was a great teacher. He gave the clearest of explanations. He had high expectations and even motivated this slack student to do her homework. And he could draw perfect circles on the board freehand!

Because of Mr. Saunders, I still like math. I wish him all the best in his retirement."

For most of us, it is perhaps best said by John Studders, an '82 GHS student who is now director of software development for Avant! Corp. in the Research Triangle, "Larry Saunders was without a doubt the most influential teacher that I had in all of my education. His dedication to excellence and commitment to his students and their education was amazing. He made a difficult subject (AP Calculus) enjoyable and understandable and achieved amazing results. As a professional, I respect and admire anyone with that kind of commitment to their profession. As a student, I thank him for giving so much of himself in order to challenge me to

overachieve in math and in life (as Mr. Saunders would say, "math is life"). His lessons are still used by me every day in my personal and professional life. Thank you Mr. Saunders."

The Larry Saunders Scholarship Award will be a merit-based scholarship for mathematics excellence, given yearly, going to a Grimsley student who attends college in North Carolina and who does not receive additional scholarship funding. Initial plans are to offer the first scholarship to a member of the class of 1999. Please make your pledge soon and see if your employer offers matching funds. Pledges should be made to the Greensboro Grimsley Alumni & Friends Association and are payable over three years.

Fund-raising projects are currently underway for much-needed repairs and improvements on two Grimsley landmarks—the John Barnes Chance-M. Thomas Cousins Auditorium and the Robert B. Jamieson Stadium. Many alumni may not be aware of an interesting connection between these facilities as well as with several others on the GHS campus: a number of the capital improvements made at Greensboro Senior High School during the Depression and early in World War II were made by the federal government via several of the “alphabet soup” agencies of President Franklin D. Roosevelt’s New Deal.

Following are the New-Deal projects carried out at GHS:

1) 1934—The school auditorium was painted for the first time, with Raleigh-artist James A. McLean hired to paint the room’s two murals, representing Energy and Education. Sponsored by the Civil Works Administration’s (CWA) Public Works of Art Project (PWAP).

2) 1938—A dirt, practice track was constructed in the area where the Vocational Building and the bus parking lot are today. Built by the Works Projects Administration (WPA).

3) 1939—The Auxiliary Gymnasium built; its first use was as a combination band and shop building with the name “Music and Arts Building.” It became the “Girls’ Gym”—its intended use—in 1942 and received its current name in 1977. Built by the Public Works Administration (PWA).

4) 1941—Construction begun on the Greensboro Senior High School Stadium. The Works Projects Administration (WPA) helped pay for the stadium during its early construction, as well as moved tons of dirt from the scrub-pine covered, naturally sloping area on campus chosen as the stadium’s site. World War II and then a lack of funds stalled the project; the stadium finally opened in 1949 after the remaining financing was done by the school board and by the selling of private bonds in Greensboro. The stadium was named for Coach Bob Jamieson in 1975.

5) 1941-1942—The Vocational Building was built. Originally referred to as the “Technical Building,” it was constructed by the Works Projects Administration (WPA).

Applause 1999! Scheduled for January 31st

The second Grimsley PTSA Casino Night and Silent Auction will be held on January 31, 1998. Proceeds will be used for continued renovation of the GHS Auditorium. All Grimsley alumni, parents and friends are invited to the Main Gym from 7:30 to 11:30pm for casino games, a silent auction, food and entertainment by several Grimsley musical groups. Tickets are \$19.99 and include food and "Grimsley Bucks" for the games.

Bill Mangum will again be there to sign prints of his painting of Grimsley High school. The original painting was purchased for the school by the PTSA and will be on display. Mr. Mangum has donated a generous portion of the sale price of each print to the school and will continue to do so through January 1998. You can purchase your print on the evening of January 31 if you do not yet have one.

Last year this event raised nearly \$15,000 toward the new sound system that was installed in the auditorium late this summer. Auditorium improvements will continue with improved lighting and updated wiring. We hope to have the project completed for the GHS Centennial in 1999. For more information, please call Donna Kelly at (910) 272-6188.

Now, she's really fitting in . . .

With the first year of being at the helm of Whirlie Country, Principal Jane Teague has nothing but good things to say about Greensboro Grimsley Senior High School. She had a busy year moving into her position and aiming to fill the big shoes left behind by a long and distinguished list of GHS Principals. But, she says, "After one year, I've made the transition and I feel like I belong."

The first sign she noticed that she was becoming a true part of this wonderful place we all like to call "home" was when she began referring to GHS as "my school" and calling the students there "our kids." It's true, you become a part of Greensboro Grimsley when you hang around there long enough, and it's a feeling that will never leave you. She really felt a part of things when the students asked her to lead an 'unauthorized' parade to Page High School on the day of the Grimsley vs. Page football game this Fall. And as much as she would have loved to be a part of such an event, in the interest of the school, she declined the invitation. But she did wear the "beat Page" t-shirts and buttons and attended the other activities --- right down to the bonfire.

"What's special about Grimsley kids is they are so polite and do what you ask them to do --- you can't ask for anything more," Principal Teague commented on her experience with the students thus-far. But probably the biggest compliment she could give the students and the alumni who consider themselves among a 'special' group of people to have walked those halls was when she declared, "I'm a Whirlie now."
