GRADUATING CLASS OF JANUARY 1938, TAKEN FROM THAT YEAR'S ISSUE OF HIGH LIFE

## Let's Keep Up the Pace

This year we will celebrate the Centennial Anniversary of Greensboro Grimsley Senior High School. As we honor the rich history and tradition of excellence that continues today, we must also be reminded that this is a critical time for the school and our organization. Grimsley's faculty and administration face increasing demands and expectations with inadequate funding, and their potential and desire to improve and innovate is limited only by those same budget shortfalls. Thus it is imperative that our association continue to grow, to increase individual alumni and community involvement, and to raise our membership and fund raising levels. Though we now have over 1,150 members and have raised \$121,137, we are still far short of the potential of our alumni and community.

We are working hard and we are making a difference. After another \$30,000 pledge from the Alumni Association, the auditorium renovation project continues. With the new sound system in place, work has begun to replace the antiquated and inadequate lighting system. Later in this newsletter, you will read about the scholarships presented last spring to two outstanding students as well as grants to two deserving teachers. Efforts are now under way to provide for requested science equipment, special art project supplies for the exceptional children's department, softball field improvements, and grant money for faculty needs. This last month, dedicated volunteers from our alumni group spent long hours during the phone campaign to increase our support. This December we are planning an Alumni Luncheon to bring together alumni and community leaders. We are also organizing a Centennial Celebration dance for our alumni that is set for February.

We are all doing everything we can to increase your awareness, your involvement and your commitment. We want and need all of you to join us, to help us celebrate and to continue Greensboro Grimsley Senior High School's tradition of excellence. The students and faculty are the real reasons for our existence. Please join us and become a part of it all again!

*Thanks to everyone for your wonderful letters about your memories of Greensboro Grimsley Senior High School, what you are doing today, and feedback on the Whirlie Wire. Although we were unable to include them all, we are happy to share some with you . . .*

**Robert M. Price, Jr., '48** businessman, scholar and civic leader received Duke University's 1998 Distinguished Alumni Award. A 1952 Duke graduate, Price is president and chief executive of PSV, Inc., which is based in Burnsville, Minn. PSV is a consortium of consultants specializing in technology commercialization, innovation and assistance to business start-ups. Price is also a member of both the Board of Visitors and an Executive-in-Residence at Duke's Fuqua School of Business.

The Distinguished Alumni Award, established in 1983 by the Duke Alumni Association, is the highest award presented to alumni who have made significant contributions in their own fields of work, in service to the University, or for the betterment of humanity. Founders' Day provides an opportunity each year for Duke University to reflect on its distinguished history and heritage and to recognize major contributions by students, faculty, employees and alumni.

"Bob's Duke education was the springboard for a lifetime of service, and the Distinguished Alumni Award is a fitting acknowledgement for his many worthy efforts. His seemingly infinite supplies of energy, hard work and goodwill serve as an inspiration to all of us who love Duke. I know of few graduates who have served their alma mater so well and so long," said Rex D. Adams, dean of The Fuqua School of Business.

A native of New Bern, N.C., who graduated from Greensboro's Grimsley Senior High School, Price went on to earn a degree in mathematics from Duke and graduated with magna cum laude honors in 1952. After earning his master's in applied mathematics at Georgia Tech, he began work for Standard Oil of California. In 1961, he moved to Control Data Corporation, where he rose through the ranks from mathematical staff specialist all the way to succeeding the company's founder in 1986 as chairman, president and chief executive officer. Price was instrumental in leading Control Data's early strategic expansion internationally and its strategic move from computer hardware into information and systems integration services, principally through the start-up and growth of small subsidiary companies. Under his leadership, Control Data developed educational software serving students from kindergarten through the college level. ----press release

## PHONATHON KICKS OFF 1998-99 MEMBERSHIP/ FUNDING DRIVE WITH A BANG!

The Greensboro Grimsley Senior High School Alumni & Friends Association's first-ever phonathon was held at Guilford College October 19-22, 1998 from 6:30pm until 9:00pm each evening. Thank you to Leslie Daisey for providing us with such a wonderful facility.

Thanks to the efforts of a lot of loyal and dedicated alumnae and students, the phonathon was a huge success. Not only did we raise a lot of money for Grimsley, but we had a great time reminiscing and talking with old friends. We are projecting that as a direct result of this effort, we raised over \$30,000 for the Alumni Association.

Special thanks go out to the following people for a job well-done: Tim Weikel, Kay Maddox, Jennifer Martineau, Marc Bush, Keith Olson, Preston Earle, Tip Williams, Joyce Shuman, Melanie Wells, Nancy Bain, Wendy Leonard, David Gutterman, Margo Cunningham, Susan Lee, Freddy Robinson, Stuart Albright, Richard Wells, Melissa Bateski, Vic Cochran, Blair Goodman, Will Hobbs, Tom Ward, Don Cohan, Carol Miller, Ann Dörner, Gayle Manahan, Jane Teague, John Atkinson, and to the following Grimsley students ~ Laura Parker, Jeffrey Kinlaw, Scott Fisher, Divya Reddy, Mikel Casey, Mollie Lynch, Brennan Tyler Brooks, Jane Marie Joyce, Emily Schiller, Justin Smith, Shannon Kelly and Shannon Gray.

*The Alumni & Friends Association has been very pleased with the response to the Whirlie Wire and all other efforts to get you involved again with Greensboro Grimsley Senior High School. Unfortunately, we must also reach a point that we are more efficient with our funds. In order to give more money directly to the programs at the school, beginning in 1999, the Fall Newsletter will be the only issue of the Whirlie Wire that is mailed to all GHS alumni. All other issues printed throughout the year will be mailed only to Members of the Alumni & Friends Association. Please understand our need to do this, and please join today so you don't miss any of the upcoming news!!*

# OUR CENTENNIAL 1899-1999

BY PETER BYRD '74

"What do you mean 1899? I thought GHS was founded in 1929, as it says on the signs around the school, as well as on the cornerstone of the Main Building! And what about that date '1854' on the school seal and on my GHS ring? What's that all about?" If that was your reaction on hearing about the upcoming celebration of the 100th anniversary of the founding of Greensboro Grimsley Senior High School, you're not alone. For many years, confusion has existed over exactly when GHS came into existence.

Trying to figure out the significance of the year 1854 in connection with GHS's history has remained an unsolved puzzle for many years. It appears on copies of the school seal dating back at least as far as the 1920's (one source from the 20's even shows it with the year "1864"). Thinking that perhaps the date might be for a significant event in the general history of education in North Carolina, I checked several North Carolina history texts, but to no avail; however, while using the clipping file at the Greensboro Public Library, I came across a reference to the purchase—in 1854—by the local school committee (not related to the board of education which came along later) of a piece of property in Greensboro for school use. While the evidence is not conclusive that this rather obscure piece of information was in fact the source of the date on the GHS seal, it possibly could have been; at any rate, the decision was made a few years ago to change the date on the seal.

Regarding 1929, that was the year when GHS relocated to the present campus on Westover Terrace. It should not be considered the date when our school was founded, however. The students and faculty that opened the new campus—a number of whom still reside in Greensboro today—simply transferred from Greensboro High School's earlier location on Spring Street (the site now of the Weaver Education Center) where the school had been since 1911.

But that still was not when the school was founded. To find the origins of GHS, one must look back a few more years to the end of the 19th century. The public graded schools in Greensboro took shape, first with an attempt to establish them in 1870, but permanently so when public funding was secured in 1875. For over 20 years only grammar schools existed in Greensboro, but by the late 1890's, as public support for graded schools grew, and under the leadership of Superintendent George A. Grimsley, the decision was made to increase the number of years of schooling available, with a separate "high school department" for the upper grades. In October of 1898 the board of education recommended to the city council that the city should purchase the St. Agnes Catholic Church building on North Forbis Street (the location of the new Greensboro Public Library), located next to the Lindsay Street Grammar School. This church structure had been built in 1877, but by the end of the century the congregation had grown sufficiently enough that a larger building was needed. The church was purchased by the city for \$1500 in February of 1899, and following a remodeling of the inside—into four classrooms and two labs—Greensboro High School opened that fall. During its first year, with Mr. Samuel C. Smith as principal, GHS had four teachers giving instruction in seven subjects. While it has not been possible to determine exactly how many grades were at GHS in its earliest years, the high school ended originally at the ninth grade. Twenty students comprised the first graduating class, finishing in the spring of 1900.

## A Note from the President . . .

### We Can Pay Now or We Can Pay Later !

At some time during this year, many of you will donate to our colleges and universities for their critical roles in higher education and research. Many of you will contribute generously to the United Way and other organizations serving the unanswered needs of our communities. I applaud that generosity, and at the same time I ask you to at least reflect upon the invaluable work of your public schools and their immense needs. I would then ask you to consider gifting your time and money to their efforts as well.

A high school like Greensboro Grimsley provides far more than the basic educational requirements dictated by law, much more than the advanced preparation for further higher education. The teachers that minister this intellectual preparation also influence and prepare students in so many other equally important ways. Dedicated teachers can often be credited with generating the interest, the necessary self esteem, and the hope that keeps many young people from giving up and dropping out of school. Responsibility, discipline, and respect have always been a part of the classroom experience, the curriculum of life that many of our teachers strive to implement. These values, the friendships and compassion, and the role models so many of them represent, are all part of their education. Basic health and physical education, when presented in an environment that promotes a child's self esteem, can have an invaluable impact on the future financial, social, and emotional costs of health care in our society. One child guided away from drugs, unsafe sex and teenage pregnancy, violence, or drinking and driving is not just a life saved, but a lifetime saved. The school's athletic programs not only entertain and promote a lifetime pattern of exercise, they teach the lessons of teamwork, discipline, sacrifice and fair play. Through the myriad of resources in art, music and drama, our children's talents are nurtured, their appreciation enhanced, their experience broadened, and our society as a whole is enriched. Through ROTC, home economics, service clubs, driver's education and so very much more, our communities are benefitted now and forever.

STUDENTS WHO ARE PART OF GHS'S 97-98 APPRENTICESHIP PROGRAM

Our colleges and University Systems continue to receive significant private support and their achievements are well publicized. As our charitable organizations work to meet our many needs, their efforts are praised and the cause is celebrated. Yet we seem to forget the determining role our public schools have played in many of our lives, the far reaching impact they continue to have on the future of all our children. Every community in our country needs to become more aware and involved, to recognize and appreciate the importance of our public system of education, and to understand the costs of neglecting our schools. Every single child whose life is guided in a more productive and healthy direction, is so much more than the dollars saved in health care, unemployment, social services, law enforcement, or charitable resources. These children are the future, the parents of the next generation, our greatest assets, and our most important investment. With our money, our time and our votes, we have the responsibility and the opportunity to help our young people, to provide more solutions for the future instead of more problems. In other words, we can pay now or we can pay later.

Sincerely,

Dr. Rick Andringa

# A Sporting Note *from Coach Joe Franks '78*

The Fall 1998 Athletic season kicked off hot and heavy for the Whirlies as we had some contests before classes even started. The Varsity Football Team lost a tough one to Reidsville before a good crowd at Jamieson Stadium, and the Volleyball and Tennis Teams were off to early starts as well. The only real "victims" of the hot weather were the Cross Country Teams, who had two early races canceled due to school closings because of heat.

... Speaking of Cross Country, Dr. Richard Smith passed the coaching torch to Bill Layton this Fall. Richard coached our Cross Country teams for many years with State Champions to his credit. He will still be teaching in the English Department, and I have noticed more smiles from him this school year. Bill Layton helped Richard coach our teams for a few years and currently teaches at Kiser Middle School.

... Every few years, we are fortunate enough to have a truly remarkable student-athlete involved in our program. This year, we have two-time State Long Jump Champion Kim Jones who won a National Championship this Summer. Needless to say, Kim has already received athletic grant offers from schools across the country. What I find truly amazing about Kim is that she is so well rounded. She is a very good student, plays clarinet in the band and is also on the Volleyball team for the Fall. She is also one of the nicest young women you could ever meet. Look for big things from this Whirlie!

... The Whirlie Football team got off to a disappointing 1-4 start, but is poised to turn things around after a great win over the #7

LOOKING BACK . . . AS THE CLASS OF 1988 CELEBRATED THEIR TEN-YEAR REUNION THIS FALL, THEY REMINISCED ABOUT THIS MEMORABLE PLAYOFF GAME WHEN THEY BEAT PAGE 10-7

ranked Northern Durham Knights on September 25, 1998. This was our biggest football win since beating then USA Today #25 West Forsyth in 1991. In a "like father, like son" move, quarterback Bryan Smouse was selected as the N.C. 4-A Player of the Week (his Dad and head-coach, Jeff, was the N.C. 4-A Coach of the Year in 1997). Despite a hard loss to Page High School in mid-October, the entire student population rallied behind the players in a great week of "Beat Page" preparation.

... The 1998 Whirlie Tennis Team got off to a great start. At the time of this writing, they were 8-0 in the conference under new coach Andrea Barnes. With only two seniors on the team, the future continues to look bright!

... The men's Soccer Team beat the Page Pirates 1-0 on October 1st before a good crowd at Jamieson. This was a great win

for the program, and the students really displayed a tremendous amount of spirit. Undefeated in the conference at the time of this writing, the kids are confident they can finish strong and make a run in the playoffs. Herk DeGraw has done a tremendous job directing our soccer programs over the years, and with a recent promotion for Herk with the Guilford County School System, he may have to give up coaching. That would be a tremendous loss for Grimsley!

... Finishing up the 1997-98 school year, over 500 students were involved in some capacity in Grimsley High School's athletic program. That was nearly 1/3 of last year's student population.

School spirit and optimism are high on campus for the 1998-99 school year. If you get a chance to come and see any of our teams in action, please know how much the kids appreciate having folks in the stands.

## HISTORY IN THE MAKING

*An ongoing historical project is to identify families that have graduated multiple generations from Greensboro's senior high schools. One of the distinguishing characteristics of Greensboro over the years has been the fact that so many of the people who grew up here have either remained or returned over time. A look at the geographical list of Greensboro/Grimsley graduates shows the staggering number of alumni who reside in Greensboro today. We want to trace as many multi-generational GHS and/or Greensboro schools' graduates as we can. This means either several generations of a family all attended GHS, or they attended a combination of GHS plus one or more of the other senior high schools in town.*

*Here's an example: in what may be our first four-generation GHS family: "Whirlie Wire" editor Brien Rives Deuterma (1988) is the daughter of Robert Glascock Rives, Jr. (1965) who is the son of Mildred Yost Rives (1938), who is the daughter-in-law of the late Nellie Clendenin Glascock Rives (1900).*

*Other families have had either two or three generations of GHS graduates, or two or three generations of family that include at least one GHS graduate, but with others who graduated from either Dudley, Page, or Smith. Does your family fit the multi-generational GHS mold? If so, would you please send that information to Peter Byrd '74 (with a brother and a sister who each graduated from Grimsley—Jim '64 & Diane '66—but, no one from other generations) at 2753 W. George Mason Rd, Falls Church, VA 22042-2024.*

# 1997-98 Scholarships Total \$2.3 Million!

In addition to the astounding figure of \$2.3 million in scholarship money, there are even more wonderful accomplishments for GHS graduates . . .

"You might be interested in the fact that Grimsley has the highest percentage of students from any Guilford County High School attending an out-of-state college or university. Twelve percent of our seniors selected a school outside North Carolina. Post-graduate plans for '98 graduates indicate that 71% are presently attending a 4-year college, 13% are attending a 2-year college and 16% have entered the workforce, joined the military, or doing other things before continuing their education. During Fall Break of this year, many 1998 graduates returned to campus to share with their teachers and principals about the success they are having at college and to thank us for preparing them so well. Nothing compares with our students leaving Grimsley and having an easy academic transition to the next state of their lives."

~Jane Teague, Principal

## Other notes of Performance . . .

- ~~ There are 66 honors courses taught at Grimsley High School, including 26 separate IB and AP classes.
- ~~ Advanced Placement (AP) test scores for 1998 GHS students demonstrated knowledge at a high level (scale of 1-5) with 19% scoring a "5", 40% scoring a "4" or better and 66% scoring a "3" or better.
- ~~ Grimsley's International Baccalaureate (IB) seniors also performed very well. The highest score possible is a "7" and a score of "4" or higher is the standard for earning college credit: 6% scored "7", 18% scored "6" or better, 50% scored "5" or better, and an astounding 82% tested scored "4" or better.
- ~~ 86% of the 1998 Graduating class took the SAT I, with the following results:

	<u>Verbal</u>	<u>Math</u>	<u>Total Score</u>
GHS	536	525	1061
NC Avg	490	492	982
National Avg	505	512	1017

More than a few boxes of unsold WHIRLIGIGs from over the years have surfaced at Grimsley, and Mrs. Linda Mylan would like our help in getting rid of them to make room for more storage space. If you've lost one or failed to purchase a copy when you were a student, this may be your chance! The dates available are 1970, 75, 77, 80, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95 and 1996. If you're interested, get in touch with Mrs. Mylan at the school (336)370-8180 or by mail (801 Westover Terrace, Greensboro, N.C., 27408) for details. This is your chance to get your WHIRLIGIG as well as to add to the funds available for publishing future editions. Copies are limited, so don't delay!

If you have old REFLECTORS or WHIRLIGIGs which you no longer wish to keep, or are looking for the same, please contact Peter Byrd '74 at 2753 W. ## Outstanding Scholarship Recipients

In an effort to recognize their outstanding participation at Grimsley, the Alumni & Friends Association rewarded scholarships to two faculty members and two students at the close of the 1997-98 School Year. The purpose of the Scholarship Grants to faculty members is to recognize outstanding teaching and service to students at GHS by awarding a scholarship to further that teacher's education and/or enhance their classroom preparation. The student recipients must be seniors in good standing who shall use the funds for school supplies and/or costs for attending a community college, junior college or four-year college. Following are highlights of this year's award winners . . .

**Joseph D. Franks, III . . .** has taught at Grimsley since the Fall of 1983 and is currently teaching Sociology, Psychology and Sports Medicine. In addition to his sports medicine responsibility, he has also added coaching to his list of duties. His work as an Athletic Trainer for those 15 years has been based on understanding and helping people, which has made him a better teacher. In order to maintain his status as a Certified Athletic Trainer, his continuing education units must be obtained. This can be an expensive process, as was his attendance at the NATA National Symposium in Baltimore this past June. We hope that this Scholarship Grant will enable him to continue his notable service to GHS and making a difference in his students' lives.

**Forrest H. Munden . . .** has taught at Grimsley since 1981, including a semester in 1978 under Mr. Hazelman. He is the Band Director, as well as teaching Concert Band I and II, Marching Band, Jazz Ensemble, Percussion Ensemble and I.B. Music Theory. Under his instruction, the instrumental music students have achieved great success, including the Jazz Ensemble's performances at the N.C. Music Educator's Assoc. Convention, the NCAA Annual Banquet, NC Junior Miss Pageant, and even opening for noted musician Wynton Marsalis and the Concert & Marching Bands' performances at Disney World and Busch Gardens. In order to attend the 46th American School Band Directors Assoc. Convention in Lisle, IL this past June and to purchase additional music for the band program, we hope that this Scholarship Grant will help him to continue touching the lives of the people at GHS and the community through music.

**Stephanie Leah Holsenbeck . . .** during her four years at GHS, she was on the Varsity Swim Team, a member of the National Honor Society, C.R.O.S.S., Quintessence, Civinettes and the Tutor Program. In her plans to attend Appalachian State University, this scholarship will certainly help her parents in putting both her and her twin sister through Undergraduate work, especially since Stephanie intends to go to Medical School to become a surgeon.

**Delois A. Smith . . .** in four years at Grimsley, she was the Secretary of S.E.C.M.E. (Science, Engineering, Communication and Mathematics Enrichment) and was a member of the Marching and Concert Bands. With plans to eventually go to law school, she will use this scholarship to help with undergraduate tuition at Shaw University and looks forward to the days of being involved with the Grimsley Alumni Association and PTA.

MEMORIES FROM THE CLASS OF 1964. THIRTY-FIVE YEARS IS JUST AROUND THE CORNER.

### Jason James Memorial Scholarship Fund

*Lt. Jason Christopher James of the United States Navy and a member of the GHS class of 1989 was a high achieving student, athlete and true friend. His life was tragically ended March 1, 1998 in an automobile accident in France. Jason graduated from Georgetown University and had been serving in the Navy for more than four years, spending most of his time aboard the USS Arkansas. At the time of the accident, Jason was living abroad serving as a faculty member at the French Naval Academy in Brest, France. Jason's love and dedication to the French language began with the instruction and encouragement he received at Grimsley. In Jason's memory his friends have started a scholarship for students in the Guilford County School System interested in service to their Country, living abroad and international affairs. If you would like to make a contribution to this fund, please send your tax-deductible donation to:*
