bringing Alumni together

1st Campaign a Huge Success!

Fall 2004 saw the launching of our first annual Generations Campaign, a new direction in fundraising for our organization representing a renewed commitment from our board and membership. This new yearly Generations Campaign enlists alumni volunteers to join board members, teachers and students, in a coordinated effort to reach out on a personal level to past generations of Greensboro Grimsley students. And our alumni responded in a big way ...

we raised over \$51,000 in our very first year!

With volunteers recruited from as many past classes as possible, we have been able to contact alumni with mailings, personal notes and phone calls. After years of mailing newsletters to over 16,000 alumni ... a sincere effort to inform, involve, and recruit new alumni as members ... it had become clear that the limited response could no longer justify the costs. Starting with our core group of past contributors, **our new goal is to have past generations of Greensboro Grimsley students reach out to each other to help their alma mater, in order to assist present and future generations of students.** Our yearly newsletters will now go out only to those who have contributed to our efforts, thus making more funds available to continue our most important work: providing scholarships to deserving students and faculty, enhancing school programs and facilities, and making critical financial assistance available to the faculty and staff as needed.

This first Generations Campaign was necessarily more limited by the relatively small number of volunteers for the launch of the effort. Alumni representatives were simply not available for every class, and those

volunteers were not sufficient to allow us to contact more than a portion of those classes represented. Yet with only 60 alumni volunteers, and just a portion of the past classes represented, we were able to contact over 3,300 alumni and raise over \$51,000 for Grimsley!

Imagine what we could do if every class was represented by teams of alumni, individuals willing to touch and inform old classmates, to involve them in our efforts to make our school better. You are our charter members, our core contributors, and we are immensely grateful for your help. **Now we need all of you to spread the word, so that we can get more volunteers, reach more alumni classes, and make this annual Generations Campaign an even greater success.** Great things have been accomplished, and much more can and will be done, because the legacy and traditions of excellence at Greensboro Grimsley High School must continue. Together we can make a difference and we thank you for helping us make a huge difference in our very first year!

Larry Saunders Teaching Award for Math & Science

The Grimsley Alumni Association is pleased to announce that the **LARRY SAUNDERS SCHOLARSHIP FUND** has now been renamed and officially converted into the **LARRY SAUNDERS TEACHING AWARD FOR MATH & SCIENCE**.

Larry Saunders taught math at Greensboro Grimsley High School for 28 years until his retirement in 1996. His legendary teaching career touched thousands of students. The Grimsley Class of 1982 initiated this fund in 1996 to honor one of the great teachers in the school's history. Though the fund was initially designated for a student scholarship award, the fund donors have now decided to shift their focus to reward an outstanding teacher in Math or Science at Grimsley, as the best way to continue to honor Larry Saunders' legacy.

Each spring, nominations will be accepted for the most outstanding Math or Science teacher at Grimsley. Nominations may be made by both students and teachers. The Alumni Association Scholarship Committee will select a winner from the nominees, and the winner will receive a \$500 award.

Grimsley Alumni Association member Max Lloyd, Class of 1982, said, "Grimsley has a strong tradition of teaching excellence. It is a privilege to honor part of that tradition by naming this award for Larry Saunders. He never lost sight of the fact that his students were the ultimate customer. His work ethic, humor, leadership by example and insistence on success were the building blocks of hundreds of successful careers. In an increasingly high-tech economy, the importance of Math and Science education will only continue to grow. This award is intended to build on Grimsley's past success in this critical area."

Alumni and friends of Grimsley who would like to contribute to the Saunders Teaching Award Fund may send checks to:

Whirlie Walkin' is Great Fun!

On March 19th our 3rd Annual Whirlie Walk was held at Jamieson Stadium. This is an exciting, school-wide fundraising event that benefits Grimsley High School and is driven by students, faculty and staff, all of whom are encouraged to participate. Our first three years have been a tremendous success, raising over \$65,000 for the benefit of Grimsley ... every dollar raised is used for the important work of the Alumni Association!

Congratulations to all of the students and teachers who have participated in our first three Whirlie Walks (every participating student and teacher raised at least \$25). Thanks too to all of our fantastic alumni and friends who have given so generously of their time and money.

If you like to walk, run, listen to music or just hang out, the Whirlie Walk is definitely for you, and all students, faculty, staff, alumni and friends are always invited. Make plans now to be part of our 4th Annual Whirlie Walk scheduled for Spring, 2006... hope to see you there!

Whirlie Walk Coordinator

New Scholarship Funds Announced

Two new scholarship funds to be administered by the Grimsley High School Alumni Association were established in 2004 ...

The Melvin G. Coleman Memorial Scholarship Fund

This Scholarship will be given in loving memory of Melvin G. "Dean" Coleman, whose daughter Margaret Coleman Szott graduated from Grimsley High School, went on to matriculate at Duke University and then the UNC-CH School of Dentistry, and is now a practicing dentist in Greensboro. The endowment for this Scholarship has been established with a generous initial gift from Margaret Szott and her husband, Tom. The Scholarship will provide for an annual award of \$500 to be applied toward the purchase of textbooks at the recipient's college of choice. The Scholarship will be awarded to a graduating senior who exemplifies the ideal of the scholar-athlete, with the following eligibility criteria serving as guidelines for selection:

- A. An excellent academic record, with an unweighted GPA of 3.0 or higher in a challenging curriculum that preferably includes Honors, AP and/or IB courses.
- B. Participation in one or more of the Varsity Cross Country, Varsity Swimming or Varsity Track Teams, with preference being given to a multi-sport athlete.
- C. Demonstrated dedication and team spirit displayed while participating in a sport.
- D. Preference should be given to candidates who demonstrate financial need.

The Lester Earl Gross III Scholarship Fund

This Scholarship will be given in loving memory of Lester Earl Gross III, a 1976 graduate of GHS who was tragically killed by a drunken driver while on business in Canada several years ago. Family and friends of Lester Gross last year completed the endowment of a soccer scholarship at UNC-G in memory of Lester. Rather than let their memorial to Lester end there however, family, friends and former GHS classmates of Lester have established this Scholarship at GHS to be awarded

to one or more graduating seniors following eligibility criteria that are still under discussion. This Scholarship will be funded annually employing funds raised at a "turkey fry" in celebration of Lester's life and contributions to the community, as well as other contributions received from friends and former classmates. Almost \$1,900 has been raised and contributed to this new Scholarship Fund.

Greensboro Grimsley Senior High School Nominated for National Register!

The final draft National Register nomination for Greensboro Grimsley High School was approved by the State Historic Preservation Office in Raleigh. Working closely with our Alumni Association Board, Laura Phillips developed and revised the nomination for submission on behalf of our Board and the school ... great job!

The state has now placed the nomination on the agenda for the next session of North Carolina's National Register Advisory Committee, and the nomination should be presented at the June 9, 2005 committee meeting. If approved, the nomination will go to North Carolina's State Historic Preservation Officer, who will formally nominate the school for listing in the National Register. The state then sends the nomination to the National Register office in Washington, where it will be reviewed and a decision made concerning its listing. If all goes as expected, the school could be listed in the National Register by the end of Summer, 2005. Special kudos go to Tim Weikel, Harry Bradley and our Alumni Association for making this nomination a reality!

Alumni Spotlight ...

Frank Nickell!

One of Grimsley High School's most notable alumni, a loyal and generous supporter of the Alumni Association, is Frank (Nick) T. Nickell, class of '65. Mr Nickell is President and CEO of Kelso and Company, an investment firm that specializes in private companies. He is also on the Board of Directors of Bear SYears and Co. Inc. and Blackrock, Inc. Prior to joining Kelso in 1977, he was a certified public accountant in Raleigh, NC, having received his B.S. in business administration and accounting at the University of North Carolina, Chapel Hill, in 1970.

Mr Nickell enjoys golf, but it is tournament bridge that has consumed much of his leisure time. He has won over a dozen National Championships, and in 1995, 2000, and 2003 was a member of the United States National Team that won the World Championship.

Mr Nickell is married with two young sons, six and eight years old. His parents, as well as his brother David (class of '67), still live in Greensboro. "On a recent trip to Greensboro, I took my six- and eight-year old sons for a drive through the school, and they were quite impressed. "Cool" was the term they used to describe it." Mr Nickell relates that he has very fond memories of his days at Grimsley. " In particular, I remember Beth Walker and David Pultz, also class of '65."

With his continuing commitment to Grimsley, Frank Nickell is helping to support the long history of excellence at Grimsley which he is such a big part of. He has joined many other alumni and friends that are working to insure an opportunity for success and fond memories for another generation of students.

Grimsley Ranked Tops in Area!

Newsweek has just listed the top public high schools in America and Grimsley was ranked the #1 high school in our area! Our national rank of 67 was the highest among all high schools in our area and Grimsley was the only local high school in the top 100, a first for Guilford County Schools! Congratulations to the Grimsley administration, faculty, staff and especially our students who keep us at the forefront of education!

CALLING ALL REUNIONS!

If you are planning a reunion in the next 18 months, please:

1. Contact Mary Jane Beavers at (336) 852-1038 or mjbeavers@aol.com, with information for publication in the newsletter and on the website.
2. Contact Melissa Bateski at (336) 373-1461 or mbateski@datamasters.com, to get a copy of the mailing list for your class.
3. Contact Rob Gasparello at (336) 370-8194 or gasparr@guilford.k12.nc.ussu, to arrange for student-led tours of the school during your reunion.
4. Contact Rick Andringa at (336) 852-6511, or mailto:randringa@triad.rr.com, to arrange for an Alumni Association representative to come talk to your classmates about the Association and making bequests.
5. After the reunion, contact Melissa Bateski at (336) 373-1461 or mbateski@datamasters.com, with updates to contact information for your class.

Q&A With Our Alumni ... Harry Bradley, '77

What is your best memory of Greensboro Grimsley Senior High School?

My earliest memory, which is still crystal clear, is from about 1965 or 1966 when I was about 6 years old. I was in the back seat of my family's Chevy II station wagon riding up Westover Terrace on the way to eat at McDonald's. I was looking out the window and noticed there were some imposing and spooky looking buildings. I asked my father what that place was and the answer was Greensboro Senior High School, where he had gone to school and where I probably would go one day.

My next memory of Grimsley is from attending a band concert in 1973 while still a student at Kiser Junior High School. The concert was held in the auditorium, which I saw that evening for the first time. During a break in the program, a student by the name of Peter Byrd spoke and he was raising money to restore the badly damaged decorative architectural paint scheme. After the program was over, I made my way down the right center aisle and was amazed at what I saw. The room had many visible white patches to the plaster, no curtains on the upper windows, decorative wrought iron railings bent out of shape, and two very large and rather frightening looking murals high up on the wall on either side of the stage. The room was in rough shape, but I remember

thinking how nice it could be if properly repaired.

My memories while actually a student are numerous and the three years went by like a flash. I was not a highly visible student nor active participant in most typical school activities. The one notable exception was my involvement with the Drama Department, then under the direction of Mr. Michael Parrish. I was not an actor, but there were plenty of behind the scene things to do. I enjoyed every moment. My participation within this very diverse group was my first real encounter in meeting people with backgrounds very different from my own.

I also spent much of my time between regular class work and homework informally trying to find out everything I could about the architecture of the many campus buildings and the lengthy history of the school. It was during these years that I also decided to buy some paint and small brushes so I could add to and repair the unusual architectural paint scheme in the auditorium and lobby.

What was your most exciting senior year activity?

Senior Awards Day. It marked the culmination of almost everything I enjoyed about being at Grimsley. I was one of approximately 100 seniors who got to sit on stage

to receive an award. I was a co-recipient along with Caroline Johnson of the Ronald Reed Loyalty Award. Although I was not a very public person, it was tremendously satisfying to have my contribution to Grimsley specifically and formally recognized.

Who was your most inspiring teacher while at Grimsley?

There were two - Miss Peggy Joyner and Mr. Larry Saunders. Miss Joyner taught me the grammatical fundamentals of the English language. In her classroom I began to understand more about the art, beauty and effectiveness of language when written and spoken properly. Mr. Saunders is solely responsible for my understanding of higher level math. He had the wonderful ability to explain mathematical concepts clearly and concisely. They employed radically different teaching methods, but they were without a doubt the best teachers I ever had from kindergarten all the way through graduate school.

What drives you to stay involved with Grimsley High School?

After some due reflection, I have concluded that I feel strongly that there is a unique and important academic and architectural history of GHS which needs to be documented and preserved for future generations.

Fabulous Fall for Whirlie Sports!

What a tremendous fall for the Whirlies – without a doubt, the best in over a decade! We felt that we had an opportunity to be successful in 2004, but our kids really took it to the next level. In fact, every fall sport at Grimsley participated in post-season competition!

It's amazing what athletic success does to energize a student body; it carries over into so many aspects of our school climate. Here's a brief overview of our student-athletes' accomplishments this past fall:

Our Cross Country teams went to the regional meet and the women's team finished second in the All Guilford County meet. Our women's Tennis team finished second to Page (the eventual state champion) and advanced to the second round of the state team tournament. The women's Golf team finished third in the conference but exceeded all expectations to finish sixth in the regional and qualified a full team for the state tournament.

The men's Soccer squad worked throughout the season to find its best team chemistry and finished fourth in the league. But when it counted, Coach Herk DeGraw found the right combination and the kids played their best of the year advancing to the third round in the state playoffs. Our Volleyball team under the direction of Coach Sue Leonard matured into a 20-5 squad, and was the only team in the league to defeat everyone at least once. They advanced to the state playoffs for the first time in years, losing to the defending state champion after giving them a very tough match.

Without a doubt, the biggest surprise was the success of Coach Todd Shuping's Football team. Highlights were a victory over Page (only the third since 1971), a tie for the conference championship, and advancing to the second round of the state playoffs for the first time since 1991. Losing to eventual state champion Charlotte Independence, the Whirlies were the only team

to hold a lead on them the entire season. The varsity ended the season with 8 wins against 5 losses and the JV team had a super 7-1-1 record. Coach Shuping was certainly deserving of "Coach of the Year".

Our successes also continued through the winter season. Our men's Swimming team was conference champion, our women's Swimming team finished second in the league, but rose up to win the regional for the second consecutive year. Our Basketball teams were very competitive, and the women's team has a bunch of young kids who can really play. There is optimism about the spring as well. The Soccer team is the defending state champion, the Golf team looks to win its fourth consecutive regional and advance to their fifth consecutive state tournament, and new coaches in Baseball and Track bring high hopes. Our Lacrosse programs are going strong and the Softball team should be the best in years. All in all, it's a great time for a student-athlete to play for Grimsley and I hope that you can come out to see these kids represent your school and make you proud. Thanks for your support of our Alumni Association and of Grimsley High School sports!

Congrats to the Class of 2005!

This year's 356 graduates were awarded a total of \$8,951,054 in scholarship money, a new record for Grimsley! All told, Grimsley graduates were accepted at 124 different colleges and universities all around the country. We are proud of every student in the Class of 2005, a class that continued to reflect the academic excellence that has always been a hallmark of Greensboro Grimsley!
